

**KANSAS UNINSURED/UNDERINSURED MOTORIST COVERAGE SELECTION**

Uninsured/Underinsured motorist coverage provides insurance protection to you, members of your family who live with you, and other people riding in your car who are injured by: (1) an uninsured motorist, (2) a hit-and-run motorist, or (3) an insured motorist who does not have enough liability insurance to pay for bodily injury damages to any insured person.

You must make one of two choices about Uninsured/Underinsured Motorist Coverage:

\_\_\_\_ I want the same amount of Uninsured Motorist coverage as my bodily injury liability coverage. (This coverage is non-stacking).

\_\_\_\_ I want minimum Uninsured Motorist coverage \$25,000.00 per person/\$50,000.00 per occurrence. (This coverage is non-stacking).

**POLICY NUMBER:** \_\_\_\_\_

I understand and agree that this acknowledgement of the selected coverage shall be applicable unless I subsequently request such coverage in writing.
